The European Protestant & Anglican Network for life-long Learning (EAAE) works to strengthen Protestant and Anglican adult education in Europe, to encourage cooperation at the European level and to affirm European identity. This is expressed by valuing the rich plurality of regional identities and contexts, and through our common commitment to education, empowerment, intercultural awareness and by improving mutual understanding.

The Network is open to a variety of common activities and forms of cooperation. One established format is our annual EAAE Studytour to a particular European country.
